Subject: [EXT] ATTN: Licensing

I am emailing today to inquire as to whether or not the voluntary refrain from working as a paramedic is still active upon closure of the investigation CL-259704 and reissuing of my paramedic license. I do not plan on working as a paramedic in the near future but I am attempting to reobtain my NREMT certification and that requires no negative actions against my state license and my license must be in good standing.

STIPULATION AND AGREEMENT WITH REPRIMAND

This STIPULATION AND AGREEMENT WITH REPRIMAND, is made and entered into by the South Dakota Board of Medical and Osteopathic Examiners, hereinafter referred to as "the Board", and Kyle Michael Ferguson, hereinafter referred to as "Mr. Ferguson", witness and agree to the following:

The board hereby REPRIMANDS Mr. Ferguson for unprofessional conduct by providing false statements on his South Dakota License application. Mr. Ferguson misrepresented himself by failing to disclose a previous probation of his Colorado Department of Health paramedic certification when he was asked on his South Dakota license application.

It is the intent of the parties hereto to provide for the informal compromise and settlement of all issues which could be raised by formal contested hearing. Mr. Ferguson understands he has the right to consult with an attorney of his own choosing and the right to an administrative hearing. He understands and agrees that by signing this Stipulation and Agreement with Reprimand he is waiving his rights to counsel and a hearing. In the event the Board does not approve this Stipulation and Agreement with Reprimand, any argument is waived that the Board members considering this Stipulation and Agreement with Reprimand should be disqualified from later rendering a decision in any subsequent contested case hearing regarding this pending action.

Mr. Ferguson by his signature acknowledges he has had an opportunity to consult with legal counsel of his choice, and he states that he understands the terms of his Agreement and Stipulation with Reprimand, and knowingly, intelligently, voluntarily enters into the same.

Ms. Brooke Blaalid
Board of Medical and Osteopathic Examiners
101 N. Main Avenue, Suite 301
Sioux Falls, South Dakota 57104

Dear Ms. Blaalid:

The Legislative Research Council received proposed rules from the Board of Medical and Osteopathic Examiners on February 8, 2022. In accordance with SDCL 1-26-6.5, the Council reviewed the proposed rules for form, style, clarity, and legality, and now returns them with recommended corrections.

Please find attached:

- Proposed Rules Review Checklist;
- The proposed rules with recommended form, style, and clarity corrections;
- Directions for Submitting the Final Draft of the Rules; and
- The Interim Rules Review Committee Rules Presentation Format.

In addition to the recommended corrections to form, style, and clarity included in the proposed rules, the Council identifies the following issues regarding legality:

- The proposed definition of "supervision" in § 20:64:01:01 includes the language "shared responsibility between an occupational therapist and an occupational therapy assistant." The use of "shared responsibility" for "supervision" seems to be contrary to the plain meaning of "supervision," which means "oversight." Further, the definition does not provide what responsibilities are being shared between an occupational therapist and an occupational therapy assistant. The board should consider rewriting or clarifying this definition.
- Section 20:61:01:02 includes a reference to the term, "emergency medical technician-special skills." This term is no longer used in the official code; it was replaced with "emergency technician-intermediate/99" in 2003. This technical terminology change should be made to § 20:61:01:02.

Under SDCL 1-26-4(4), the Board is required to adopt the recommended corrections, subject to an appeal to the Interim Rules Review Committee for the Committee's final determination.

Please do not hesitate to contact me if you have any questions or if you would like to discuss any of the recommendations.

Sincerely,

A handwritten signature in blue ink, appearing to read "JRM", written over a horizontal line.

DEFINITIONS

Section

20:64:01:01 Definitions

20:64:01:01. Definitions. Words defined in SDCL 36-31 have the same meaning when used in this article. In addition, terms used in this article mean:

(1) "Applicant," a person applying to the board for any purpose relating to that person's licensure by the board;

(2) "Direct supervision," the physical presence of an occupational therapist or occupational therapy assistant in the immediate room when remediative tasks are being performed by an occupational therapy aide;

(3) "Supervision," the ~~physical presence of an occupational therapist on the premises where a patient is being cared for by an occupational therapy assistant~~ shared responsibility between an occupational therapist and an occupational therapy assistant that occurs in person or by telecommunications while the occupational therapist assistant is treating patients.

Source: 14 SDR 72, effective November 23, 1987.

General Authority: SDCL 36-31-13.

Law Implemented: SDCL 36-31-1, 36-31-4, 36-31-5, 36-31-6, 36-31-13, 36-31-14.

Commented [JM1]: Legality/Clarity – It's unclear what responsibility is being shared here. Supervision implies oversight, not the sharing of responsibilities. This definition seems contrary to the plain meaning of the word "supervision."

Could it be rewritten as follows:

"the treatment of a patient by an occupational therapist assistant in the presence of an occupational therapist. For purposes of this subdivision, "presence" means in-person presence or presence by telecommunications."

Commented [JM2]: I would suggest adding SDCL 36-31-13 as Law Implemented, as this rule section implements "licensure" and "supervision."
